TRESPA® METEON®

High-Performing Decorative Panels for Exceptional Façades

TRESPA®

WHERE COMPELLING AESTHETICS AND LIMITLESS DESIGN POSSIBILITIES MEET

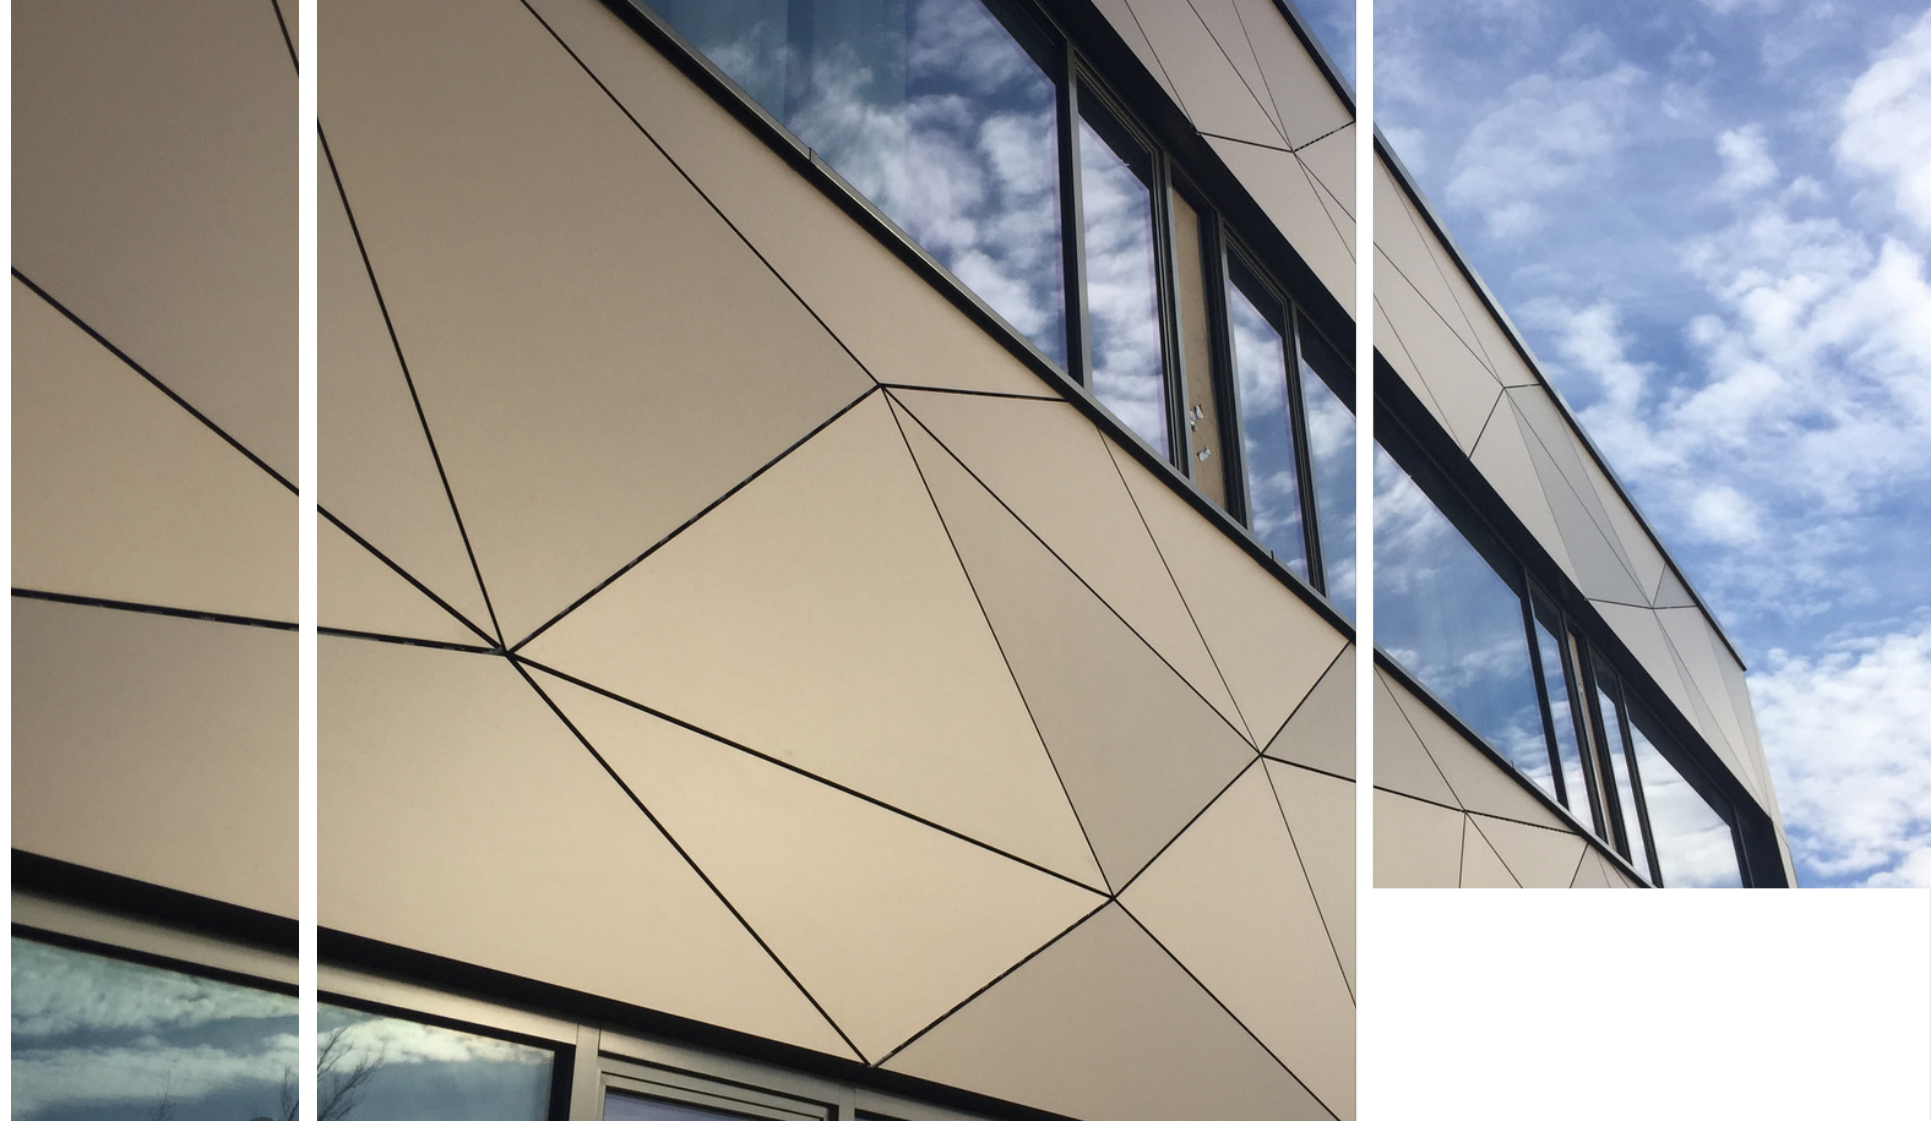

From distinctive patterns and dynamic rhythms to rich textures and enduring colors, the Trespa® Meteon® collection brings together exceptional materials and refined finishes.

Each element is thoughtfully crafted to inspire compelling aesthetics and unlock near-limitless design potential—offering high-end cladding solutions to reimagine any project and define your next architectural statement.

Craft distinctive, one-of-a-kind effects or explore refined solutions that elevate a building's character and value. With Trespa® Meteon®, the possibilities are as limitless as your creativity.

High performance
exterior siding

EVERYTHING YOU ENVISION

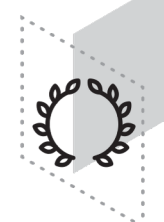

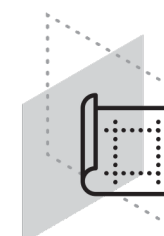

This stunning collection features cladding panels designed for innovative, high-performance ventilated façade systems, balconies and sunblinds. Choose from an extensive palette, including Metallics, Lumen, Focus, Naturals, and Woods—each available in a variety of colors and finishes. Achieve your unique vision, exactly the way you imagined it.

ENDURING BEAUTY

The Trespa® Meteon® collection offers exceptional resistance to weather, UV exposure, and moisture. Easy to maintain and resistant to impact, scratches, and wear, each panel is backed by a 10-year limited warranty, delivering lasting confidence along with lasting aesthetics.

EXCEPTIONAL QUALITY

Trespa® Meteon® is a decorative high-pressure compact laminate (HPL) featuring an integral surface crafted using Trespa's proprietary Electron Beam Curing (EBC) technology. Composed of over 50% natural fibers bonded with thermosetting resins under high pressure and temperature, each panel is dense and highly stable with an impressive length-to-weight ratio.

METEON® LUMEN

CREATE MEMORABLE
FACADES THAT PLAY WITH LIGHT

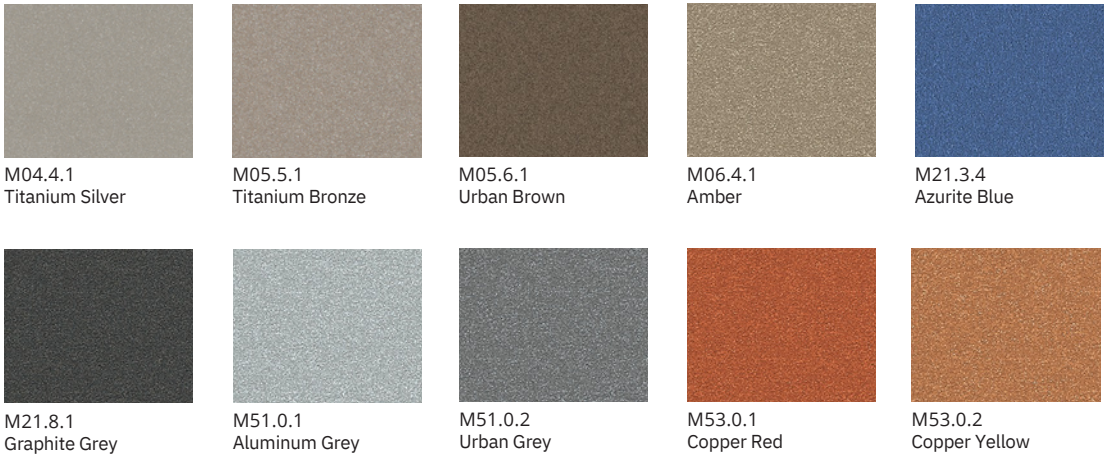

Light inspires, light refreshes, and light can bring new dimensions to design freedom. The Trespa® Meteon® Lumen collection includes up to three unique finishes and is designed to add a feeling of movement, depth, tone, and liveliness to your projects. And because the collection is available in a rich palette of colors, you can design memorable façades with impressive qualities that make them stand out.

Discover Trespa® Meteon® Lumen

METEON® METALLICS

NUANCES MAKE
THE DIFFERENCE

Luminous sparkles, soft flares, and refined nuance that elevates modern and industrial looks. Shifting reflections create dynamic, ever-changing perspectives, ensuring each façade reveals a new expression from every angle.

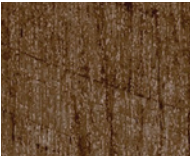

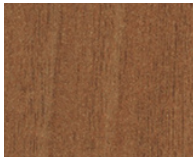

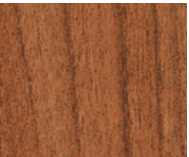

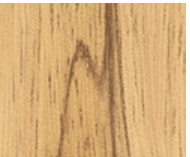

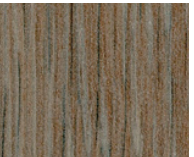

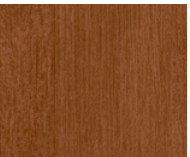

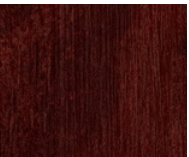

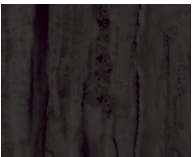

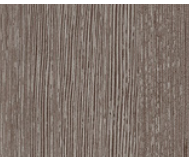

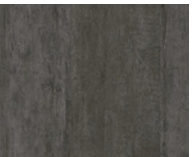

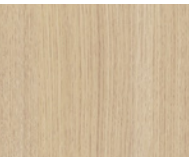

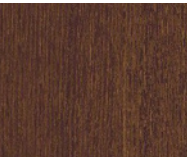

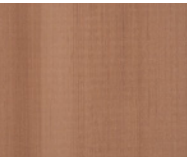

With a wide spectrum of colors, structures, and finishes, the Metallics collection empowers you to design bold, abstract compositions—each one a distinctive architectural statement brought to life with enduring elegance.

For Trespa® Meteon® Uni Colors and Metallics, Trespa is happy to create panels in custom colors for your project. Almost anything is possible, just tell us what you need. For more information, please contact your local Trespa representative.

Discover Trespa® Meteon® Wood

Wood structures that tell a story, tones that breathe warmth or convey coolness, and endless possibilities that bring natural textures and finishes to life. The Trespa® Meteon® Wood collection is nature at its best, providing you with wood looks that are indistinguishable from the real thing. From fresh contemporary designs to classic weathered looks, our distinctive designs make it possible to make eye-catching details and standout façades even more striking.

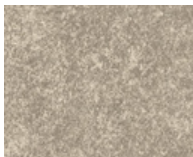

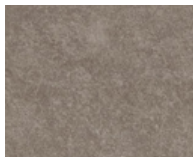

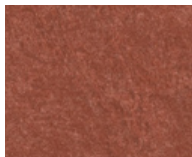

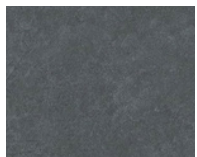

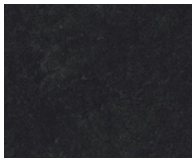

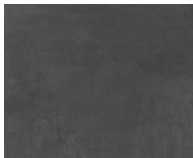

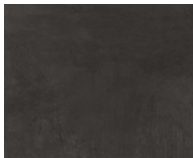

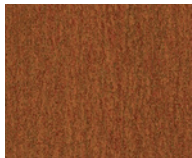

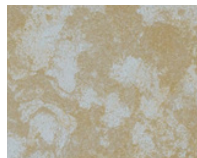

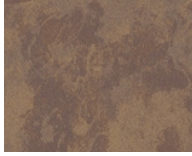

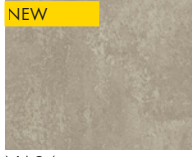

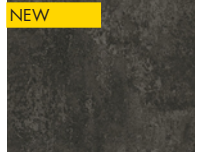

From verdigris tones to weathered basalt, the Trespa® Meteon® Naturals collection captures the raw beauty of materials shaped by time and the elements. Designed to evoke a rugged, worn character or a soft, organic feel, it offers limitless possibilities to pair with other materials.

Our focus is reducing CO2 Emissions

Our panels consist for the majority (more then 50 %) of natural fibers which capture and store carbon, contributing to CO2 reduction.

Energy efficient production

We continuously optimise our production processes to reduce energy consumption and emissions, making sustainability part of our manufacturing DNA. We are proud to power our operations with 100% green electricity.

Extended lifespan

With an extreme durability, Trespa® panels retain stored carbon for long periods.

Data-driven accountability

Every sustainability claim we make is backed by data. We believe in measurable impact, holding ourselves accountable with transparent, third party verifications.

Please visit [TRESPA.COM](https://www.trespa.com) or [TRESPA.INFO](https://www.trespa.info) for the most up-to-date information.

As Trespa North America’s largest stocking distributor and fabricator, **Spectrum Façades** can integrate any Trespa® Meteon® panel into our façade systems.

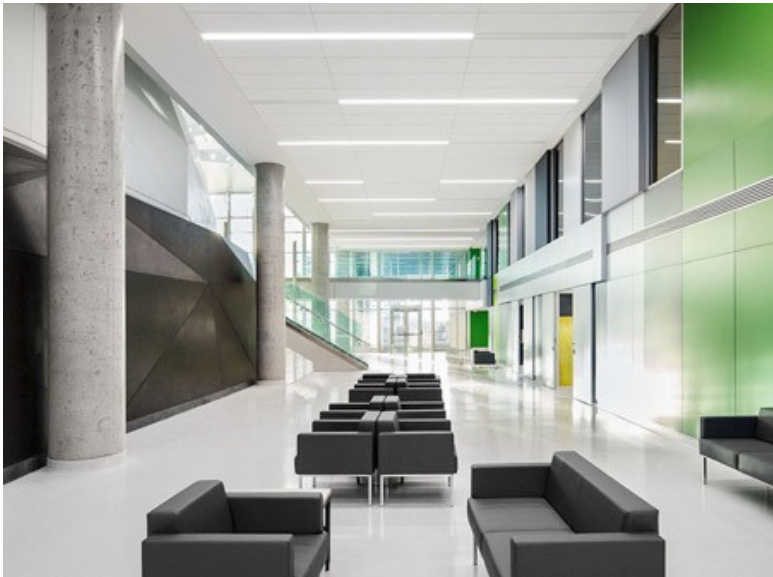

We stock key panel sizes and colors locally for fast turnaround and have the shortest shipping times from the Netherlands factory.
